NEW YORK CITY TOURS

This year's tours to NYC were loads of fun, exciting and well received. We had such a great time, we are preliminarily planning to go back next spring and again for Christmas. The dates will be April 14 - 18 and Dec. 7 - 10, 2020. If you are interested in receiving details regarding either of these tours, please let us know. We have already started a list of potentially interested travelers. We won't have trip details and pricing available until later this summer. Please know you are not obligated to sign up for the tour if you tell us you are interested. It is important to get your name on our list so you'll have a fighting chance for a seat once trip details go out. Our first NYC tour this year sold out in less than a week after it was announced to our list of potentially interested travelers. It sold out before details were announced to the general public. People who let us know they are interested in trip details receive priority notice to sign up before the general public. More information about these tours and other destinations will go out in the next newsletter.

OBERAMMERGAU PASSION PLAY, GERMANY & SWITZERLAND
AUGUST 15 - 26, 2020

The "Passion Play" performances in Oberammergau, Germany will run next year from May thru October. Europe is anticipating a half million visitors for this spectacular event, which occurs only every decade. We have been working diligently to confirm bookings; however, there are still several attractions which will not accept bookings for 2020 until later this fall. Air flights are not available for booking more than eleven months prior to return travel date, so our flight schedule (and pricing) will not be available until early October. The price of our (proposed) 12-Day escorted tour package is \$7,595.00 per person based on double room occupancy.
